PROJECT SUN STREAK

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

PROJECT NUMBER: 0028 (Tng) SESSION NUMBER: 1
DATE OF SESSION: 05 FEB 90 DATE OF REPORT: 05 FEB 90
START: 0930 END: 0940
METHODOLOGY: CRV VIEWER IDENTIFIER: 052

1. (S/NF/SK) MISSION: To describe the target site (Manmade sand pit) in Stage I terminology.
2. (S/NF/SK) VIEWER TASKING: Encrypted coordinates only.
3. (S/NF/SK) COMMENTS: No Physical Inclemencies. This is probably our hardest Stage I target (manmade structure which is a land to land interface). I fully expected 052 to have a very difficult time with it, but 052 resolved it with the first IAB sequence. I rewarded 052 with the information that this signaled the end of the Stage I training. Stage 2 training will begin with the completion of 052's "End of Stage I essay".
4. (S/NF/SK) EVALUATION: 3
5. (S/NF/SK) SEARCH EVALUATION: N/A

MONITOR: 018
